## OPERATORS' CONFERENCE WITH WILLIS

Concerning The Situation In  
The Eastern Ohio Mine  
Strike Region

**TO END THE LONG STRIKE**

Unless House Reconsiders  
Its Action In Killing the  
Gallagher Bill—Possibility  
of Importing Strike  
Breakers From Other  
States Mentioned—News  
of the Ohio Legislature.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, O., April 17.—Governor Willis spent more than an hour today in conference with eastern Ohio coal operators, discussing the miners' strike situation and the possibility of reconsideration of the Gallagher bill to amend the present mine run law, which the house killed Thursday.

H. E. Willard, W. R. Woodford and G. M. Jones, of Cleveland, representing the operators of eastern Ohio, told the governor that unless the house reconsidered its action in killing the Gallagher bill and passed it next week, drastic action will be taken by the operators to end the strike and resume operations.

They mentioned the possibility of importing strikebreakers from other states. They denied reports that a referendum on the Gallagher bill is being contemplated. The operators also asserted to Governor Willis that they had not used questionable lobby tactics of which they had been accused by reports emanating from the legislative chambers. It was these reports which led Governor Willis to suggest to a number of house members Thursday that they vote down the bill, it was said at the executive offices.

The time fixed tentatively by Governor Willis for "watchful waiting" on the situation created more than a week ago, when he asked for the resignation of 14 members of state commissions, expired today. It was said at the executive offices the governor will be ready probably early next week to assume the aggressive and take steps to oust the officials who have been reluctant to resign.

It was pointed out at the executive offices today that only one official had actually offered his resignation, four others had acknowledged the governor's letter but refusing to resign, and two had sent formal acknowledgment.

Nine had ignored the governor's demand although they had discussed the situation informally with a number of persons. It is known that formal charges against the officials who refuse to quit are being prepared. These may be sent to several Monday or Tuesday, it was reported in capitol circles today.

Preliminary reports by district tax assessors to the state tax commission and made public by it today, show that in eight counties the tax assessment shows a gain over that of

Lima Machinist Now Says He

Under a \$20,000 Bond On a  
Charge of Second Degree  
Murder, Dorrance Riddle  
Will Attempt to Show His  
Innocence—Father of the  
Murdered Girl Says Another  
Was Implicated.

(ASSOCIATED PRESS TELEGRAM)  
Lima, O., April 17.—Dorrance Riddle, 26, machinist, held in jail here under \$20,000 bond on a charge of second degree murder, in connection with the brutal killing of Miss Susie Coleman, 16, Wednesday night, today repudiated his alleged confession made yesterday to the police. He asserted that he was frightened into admitting the crime while excited. Officers say they have a strong case against Riddle, aside from his signed admission of the girl's death. They say he told them where the victim's hat could be found on top of a freight car, where he had thrown it. They traced the car to Ohio City and found a brakeman had recovered the hat. Calvin Coleman, father of the slain girl, charged today that the murder was committed three blocks from the place where the body was found and that the girl was dragged to the railroad yards after being slain. It was there that workmen discovered the corpse. Coleman asserts that another man participated in the killing and says he will cause his arrest within a short time.

Riddle's diary found today makes frequent mention of the Coleman girl and also of "Pauline." Riddle says he never saw the Nashville girl but merely started a mail correspondence with her. He says he intended going south soon. The funeral of Miss Coleman is to be held this afternoon.

## ATLANTIC FLEET WILL MANEUVER DURING SUMMER

Washington, April 17.—Conferences between Secretary Daniels and high naval officials regarding plans for the forthcoming maneuvers of the Atlantic fleet in Narragansett Bay, the review of the fleet at New York in June and the parade through the Panama canal in July were continued today.

Tentative plans call for the presence of the fleet in New York June 19, when the dreadnaught Arizona is to be launched there. By that time, the exercises off Newport will have been completed. The fleet will then begin its long cruise to the Panama-Pacific exposition, maneuvering enroute. It is expected that the fleet will pass through the canal July 4.

## American Warship Goes To Investigate Reported Japanese Base In Pacific

(ASSOCIATED PRESS TELEGRAM)  
Washington, April 17.—Admiral Howard, commanding the Pacific fleet, off the West coast of Mexico, reported to the navy department today that he had ordered Commander Noble E. Irwin, on the cruiser New Orleans, to proceed at once to Turtle Bay, Lower California and report on the activities of Japanese forces there.

The New Orleans was due to reach Turtle Bay today and Commander Irwin is expected to report the result of his inquiry by wireless.

Secretary Daniels had telegraphed Admiral Howard a summary of reports alleging that while the ostensible purpose of Japanese activities in Turtle Bay is to salvage the grounded cruiser Asama, the real object of operations is to occupy the bay and adjoining shores as a basis of operations.

The United States government today awaited official advice as to whether or not Japan had established a naval base at Turtle Bay, Lower California, as has been reported. Although officials are not inclined to place any credence in the reports, they have sought to ascertain through American consuls and the Pacific fleet, exactly what use the Japanese and British vessels were making of Mexican territorial waters. Officials are certain that there is no foundation for the reports because of the fact that British collectors were assisting the Japanese warships.

## AMERICAN DIPLOMAT TO JAPAN RETURNS ON SHORT LEAVE

Tokio, April 17.—George W. Guthrie, the American ambassador to Japan, accompanied by Mrs. Guthrie, left Yokohama today for the United States on board the steamer Manchuria. The ambassador is on leave of absence. He said he expected to return before the coronation of the emperor, which is set for the early part of November.

## Industrial War In Chicago Is Now Threatening to Involve Thousands Of Men Not Originally In Contention

(ASSOCIATED PRESS TELEGRAM)  
Chicago, April 17.—Lumber dealers of Chicago began laying off teamsters and laborers today, as a result of the industrial war that broke out openly yesterday between building trades unionists and their employers. Brickyards in Chicago and surrounding territory also gave evidence of an approaching cessation of work when announcements were posted that hundreds of employees would have to be taken off the payrolls until the demand for building materials was resumed.

The lumber dealers association announced that 5,000 men would be discharged pending a settlement of the strike and lockouts. These men have had no part in the contentions between the building construction employers association and the union forces which refused to bind themselves to a three-year contract designed to prevent systematic strikes and their attendant evils.

It was said that there was a close combination between the carpenters union and the sheet metal workers, painters and lathers, organizations, officials of which refused to sign the three year agreement. The carpenters' fight is for an increase of wages to 70 cents an hour. It was stated that the eight cardinal points of the three year agreement have been incorporated in contracts with the carpenters' district council for several years.

Lockout of 16,000 union carpenters assumed serious proportions today, tying up operations valued at more than \$30,000,000 on 44,000 buildings in Chicago and throwing out of employment 125,000 wage earners, thousands of whom had no connection with the building industry itself.

Union leaders and officials of the building construction employers association, which declared the lockout, asserted that they expected little assistance from the conference of the state board of arbitration, which will meet on Monday to offer its services in the interest of industrial peace. Neither side, it was said, was willing at this time to make concessions. The board of arbitration was ordered to meet by Governor Edward F. Dunne. The board does not have authority to settle labor disputes, but is empowered to investigate and make public its findings.

The contractors, it was announced, have withdrawn their previous offer of a wage increase, and if the carpenters return to work it would be at the old rate of sixty-five cents per hour.

## Mrs. J. D. Rockefeller's Will Left Sums to Friends And Charitable Institutions

(ASSOCIATED PRESS TELEGRAM)  
New York, April 17.—The will of the late Mrs. John D. Rockefeller was filed in the surrogate's court today. She leaves bequests in the neighborhood of \$500,000 and valuable articles of jewelry to friends and relatives. The rest of her estate, which is estimated in all at about \$2,000,000, is bequeathed to charitable institutions.

The charitable bequests are to be distributed at the discretion of her executors, who are her husband, her son, John D. Rockefeller, Jr., and her daughter, Alta Rockefeller Prentice, wife of E. Parmelee Prentice. The will is dated March 10, 1913. Sums of \$100,000 each are left to John D. Rockefeller, Jr., Mrs. Prentice, and Mrs. Edith Rockefeller McCormick, her other daughter, wife of Harold F. McCormick, and \$50,000 to Miss Lucy M. Spellman, Mrs. Rockefeller's sister.

To her granddaughter, Margaret Strong, daughter of Bessie Rockefeller Strong, deceased, \$100,000 is left in trust, but with the provision that until she shall arrive at the age of 35, the executors shall pay her such parts, or the whole of the fund, as they may deem wise in their "absolute and unrestricted discretion." for her actual personal and beneficial use. Any portion of the fund which shall not have been paid at that time reverts to the residuary estate.

A sum sufficient to produce a net income of \$1000 is left to Mrs. Rockefeller's friend, Caroline P. Sked.

The charitable institutions named as beneficiaries of the residuary estate are the Euclid Avenue Baptist church of Cleveland, O.; the Baptist Home of Northern Ohio; Women's Baptist Home Missionary society; Spelman Seminary, Atlanta, Ga., and the Bureau of Social Hygiene.

"The said trustees may give to each of said institutions so much of the property as they shall see fit," the will reads, "and shall have the right to exclude any one or more of said institutions absolutely. They shall have the power to specify as to each institution to which the property shall be given whether it shall be used for current expenses, for buildings, for endowment or for any other of the charitable corporate purposes of said institutions. Any portion of the fund which shall not be used for the foregoing objects, the said trustees may apply to such charitable corporations as they may

Grafton, W. Va., April 17.—Following a conference of General Manager C. W. Galloway and other Baltimore and Ohio Railroad officials here last night, orders were issued to put 100 additional men to work in local engine repair shops. The order comes as a result of improved business conditions following the opening of lake coal trade at rate of 400 cars per week from this section of the state.  
In this city a number of men have been put to work in the past couple of weeks and the shops are running almost to capacity. A number of train crews were placed back in service that had been laid off and the outlook for a general resumption of business is bright.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

"The hostess is escorted by the eldest gentleman, greatest stranger, or such member of the company as she desires to occupy the seat of honor at her right," he concluded.

**STOCK MARKET OPENING TODAY WAS FEVERISH**  
[ASSOCIATED PRESS TELEGRAM]  
New York, April 17.—Feverish trading in stocks was resumed at the opening of today's two-hour session on the exchange. Industrial and equipment shares of the class which made yesterday's operations memorable, were again the most prominent features, particularly New York Airbrake, Baldwin Locomotive, and Pressed Steel Car, in which gains of 2 to 5 points were made.  
American Locomotive, yesterday's sensational feature, was again reactionary, declining over four points to 56, from which it soon made full recovery.  
Other specialties, including Bethlehem Steel, rose 1 to 2 points and advanced especially U. S. Steel, donated further accumulation at substantial advances. Dealings in Steel were on enormous scale, with several lots 2000 to 4000 shares.  
Profit taking made absolutely no impression upon prices, the entire list continuing to advance in the second hour on an increasing scale of activity. War shares added materially to gains of the first hour, closing with advances extending from 3 to 7 points. The extraordinary demand for U. S. Steel was the outstanding feature. That stock frequently changed hands in blocks of 1000 to 4000 shares and just before the end touched 60, the high price of the current movement. Other former leaders, including Reading, St. Paul and Amalgamated Copper, attained the best prices. Buoyancy was maintained to the end. Total transactions approximated 675,000 shares.

**Granville**  
(Special to The Advocate)  
Granville, O., April 17.—Granville people turned out en masse last evening, an agreeable habit not often indulged in, and filled the opera house to its capacity, to attend the "Singin' Skule Regiment," presented under the auspices of the Home and School Association, which must have realized a neat sum for the benefit of the public school. Prof. T. S. Johnson as "Jeremire Robbins," and Mrs. W. E. Clemens as "Arabella Robbins,"—the real boss of the situation—sustained the leading roles with success. To the strains of the tunes played on the piano by "Samantha Ann," (Mrs. M. E. Stickney) "Jeremire" and "Arabella" escorted the members down front, two by two, to make their bows to the audience, before finding their seats. The costumes were unique and unideal, some of them picturesque, some of them grotesque. Mrs. Fred Buxton in the latter class as "Polly," brought down the house. The whole performance was an absurdity from beginning to end, and the audience certainly enjoyed its promised "laugh." It would require a volume for adequate tributes to all the characters, and lack of space prevents detailed mention. The high school band which furnished several numbers, deserves special mention for the excellence of the performance given.  
Mrs. W. P. Ullman, Mrs. C. W. Henderson, Mrs. H. A. Nixon, Mrs. T. A. Lewis and Mrs. Burton Case, were hostesses at the successful entertainment of the Social Union yesterday afternoon, in the parlors of the church at 2 30. Mrs. D. C. Gilmore, retiring president of the Women's Missionary organization, conducted the service of installing the new L. S. U. officers, in a talk replete with wit and wisdom. To each officer, leader and permanent chairman, she presented a roll of paper tied with white and gold ribbon, in official colors, which was inscribed with the act of the L. S. U. constitution, setting forth the duties and privileges of the office. The president, Mrs. Case, responded briefly in behalf of her associates, who had been thus honored and asked that those who placed them in office should co-operate with them in every way possible. The business was quickly despatched and promptly at 3:30 o'clock the spring program was presented, as follows:  
"For You Alone," "The Wind That Shakes the Barley"—Mr. Kenneth Ullman, violin obligato by Miss Josephine Darrow.  
Mendelssohn's "Spring Song."  
—Mrs. J. S. Jones  
Group of three songs: "Spring Song," "Summer Wind," "Come Out Mr. Sunshine"—Miss Laura Lowe.  
"Spring Song," (Strauss waltz)—chorus: Mrs. Theodore Johnson, Mrs. Eschman, Miss Hayland, Miss Lowe, Miss Porter, Miss Stacey, Miss Lockhart, Miss Kendall, Miss Geneva Lowe, Miss Hastings, Messrs. Kenneth Ullman, Gera d Athey and Russell Williams, Mrs. Darrow pianist.  
The opinion was expressed that the musical program itself was "worth a dollar," so appropriate were the selection and so artistically were they performed. At the close of the program the company was invited to the dining room, screened by palms and centered with a prettily decorated round table where cakes and ices were served to about 60 ladies. Guests of the afternoon were Mrs. J. S. Jones, Miss Jones, Mrs. George Strong.  
One of the important social affairs of the season was the reception given by Phi Delta Theta yesterday afternoon at the chapter house on Prospect hill to the ladies of the faculty, both Sharpardson and Denison. In the receiving line were: the president, Mr. H. C. Overturf, Mrs. Raymond Pence, Miss Alleret Chrysler. In the dining room Mrs. Emsweiler, presided with several young ladies assisting, who distributed the favors, white carnations, profusely used in decorating all the rooms.

**Camp Divorce.**  
In the divorce case of Carrie Camp vs. Arom Camp, the defendant has filed and answer and cross petition, in which he admits certain allegations in the plaintiff's petition. In his cross petition defendant alleges that he is a farmer by occupation and is unable to make a living by any other pursuit on account of his being diseased in one leg in such a way that he is unable to work continuously at hard labor. He further says that after living in Newark four years he moved to Wakatomika, O., where he purchased a home and they lived happily together until plaintiff's mother came to stay with them and that on returning home one evening from his work he found a portion of the household goods packed and that his wife had abandoned him.  
The defendant states that he has always been a dutiful husband and that his home has always been open for his wife and child and that he has always and is still willing to provide for them; he alleges that his wife is under the domination of her mother, and that is the seat of the trouble. He asks that the petition be dismissed and that he be decreed the custody of the minor child.  
**Recovers Damages.**  
The jury in the case of George B. Dicken against the B. & O. railroad returned a verdict in favor of plaintiff for \$484.20 late Friday evening. In this case the plaintiff claimed \$500 damages for two horses which he claimed were killed through the negligence of defendant, along its right of way, on the Shawnee division in Licking township.  
—H. C. Run.  
The plaintiff was represented by Attorneys Jesse Fry and E. A. Randolph, while the defense was in charge of Edward Kibler, Jr., of the law firm of Kibler & Kibler, they being attorneys for that corporation.

## In Milady's Boudoir

BY GWEN SEARS.

It is not only our emotions that find us out in the etchings on the face, but the high tension under which many of us live. As soon as the nerve face lags at any time, for reasons like worry or illness, the muscles begin to sag from tense condition and the flesh becomes pudgy and soft. Massage is the only remedy for this contingency.

Place the finger tips at the corners of the mouth, then press upward and outward over the cheeks, raising the tissues to the temples and across them. Again, at the base of the temples, lift the fingers and repeat the process going around and around the cheeks with a firm upward stroke, and but gently touching at the downward movement. All the tips of the fingers may be used at the same time.

Where the cheeks are sunken, the finger tips—that is, all of the fleshy portions—rotate in a gentle clawing motion; this will lift all the muscles of the cheeks. By placing the thumbs on the temples they serve as a sort of support and hold the hands in high position. The palms are used at last, going around and then out across the temples.

In massaging the forehead only the balls of the fingers are employed, for the lines extending horizontally across; place the finger tips in the center, drawing them toward the temples. Never rub in the reverse direction, as this encourages the wrinkles which you are trying to efface. Taking the two fore fingers and working together in a serpentine movement, one going up, the other going down, is another excellent movement.

Ill health and neglect frequently

leave the skin around the eyes in a sallow, wrinkled condition. This spoils the beauty of the most expressive eyes. For massaging the eyelids, very delicate must be the touch. Close and relax the eyelid, then with the ball of the first and second finger, starting at the innermost corner of the lid next to the nose, draw the fingers across outward to the temples, gliding over the balls, but not pressing on them. Lift the fingers at the temples and repeat the movement.

In treating the lines under the eyes, press slightly downward and outward toward the temples, also rub a circular movement surrounding the eyes, lifting the skin up a bit under the eyebrows. Use a little pressure for this, but in completing the circle merely allow the finger to touch for the downward movement. Then alternate this by gliding over the eyelids to the temples, using the first finger for the work.

## Your Boys and Girls

The physical signs that the awkward child gives to his heart's and mind's distress must be treated with daily admonition, but it must all be most tenderly done. "Don't lift your shoulder, dear," the mother must say when one of them goes clownish as up as if trying to hide its embarrassment behind the ear. "Don't scrape your foot, dearest," she must go on as placidly when this small member is misbehaving, and don't lift your voice, darling, she must add when, under excitement the childish tones rise shrilly.

These defects and countless more may be smoothed away with time and patience though it must be remembered parents and not the brothers and sisters should do the correcting.

Sensitiveness may not always go with the awkward, self-conscious manner, but rather with an abnormal self-esteem which has little fineness of nature to back it. In that even, Jim may need a little taking down occasionally—be shown the way, as it were, toward more humility of thinking.

But for the child who suffers acutely, who has some slumbering notions of justice—who feels somehow that it has a right to be itself—only the utmost care will bring about improvement. He needs to know every hour that he has the love of parents and good will of brothers and sisters, and with this made clear in a tactful way the battle against a not uncommon enemy of childhood will be decisively won in the end, to the glory of all concerned.

## What Ohio Club Women Are Doing

By MRS. JOHN MAC KEE, Springfield, Ohio  
Director of Press of The Ohio Federation of Women's Clubs

### Civics Department.

Mrs. J. L. Selby of Greenville, chairman of the committee on civics, is working hard to have the first week of May observed as a state-wide "Clean-Up" week. This can be accomplished if the club women in each city, town and village, co-operate: first, by urging the mayor to proclaim the first week in May as "Clean Up" week; second, by the assistance of the press bringing this work to the attention of the citizens; and finally, by beautifying the lawns and unsightly districts of the towns.

### Music Department.

Miss Emma L. Roedter of Cincinnati, chairman of the committee on music, asks that the club women in the state send to her the names of any musical clubs in their districts or home cities, whether federated or unfederated, and, when possible, send the club program to Miss Roedter with the president's name.

Miss Roedter has been very successful as the head of the State Reciprocity Bureau of Music, and has made it possible for any club over the state to give concerts or musical entertainments at a minimum cost. The artists have national, and many of them international reputations. It is the intention of this department to extend the list to foreign talent for next season's work.

### Home Economics Department.

Mrs. Ann Gilchrist Strong of Cincinnati, chairman of the committee on Home Economics, has recently published a very interesting bulletin. This outline will prove invaluable to the women in the home, giving an ideal budget for household expenditures; outlines for the study of textiles, cotton, wool, silk, and linen; the selection of materials and garments; the standards of value of food, as well as materials; home economics as a profession, including the study of the consumption of time and energy, since efficiency is as necessary to the proper management of the home as to that of the office or factory.

The bulletin suggests certain books for added information along economic lines; and also furnishes a splendid outline for the study of modern house decoration and furnishing, number of rooms, their location and size, hardware and the use of metals.

This bulletin, "Woman as the Purchaser of Textiles for Clothing and Home Decorations," "What to Buy," and "Why Do You Buy It?" is brought to your attention, as it may be useful in suggesting methods for club study.

### Legislation.

"Clubwomen of the state will be greatly interested in legislation pending in the State Legislature directly affecting women. House Bill No. 380, by Mr. Young of Cleveland, providing for civil action in closing vice resorts, has been in the committee on public health for several weeks, despite efforts to secure a public hearing or secure a report on the bill. Meanwhile, at the request of the Federation committee on Public Health, headed by Dr. Josephine L. Peirce of Lima, petitions in support of House Bill No. 380 have been circulated throughout the state and forwarded to the legislative committee headed by Mrs. W. O. Thompson of Columbus. A few days ago, Mrs. Thompson presented petitions to the legislature from 23 counties, urging the legislature to pass the injunction law, and a favorable report from the committee on public health, headed by Mr. Harding of Cincinnati, is expected soon. Mr. Young of Cleveland, author of the bill, is very enthusiastic, and is working earnestly among his

colleagues of the legislature to secure its passage.

When Dr. Peirce sent out the petitions some weeks ago, a number of our clubwomen got the idea that they would not be wanted unless sent in at once. Petitions are now wanted from all over the state in support of this measure. Use the blanks furnished by Dr. Peirce, or prepare one of your own, addressing it to the General Assembly of the State of Ohio, and mail to Mrs. Thompson, or to the representative from your county. Although the legislature is nearing the end of its session, there is time yet to secure the passage of this bill if all club women of this state would act promptly.

The Reform Union is working in co-operation with the Ohio Federation of Women's Clubs in support of House Bill No. 380, with the able assistance of the general superintendent, Rev. A. S. Gregg of Cleveland, O.

The date for the annual state convention of the Ohio Federation of Women's Clubs is set for October 18 to 22 inclusive.

Send the endorsement of your County Central Committee for Mrs. Sarah C. Douglas as chief matron of the Marysville Reformatory, to the State Board of Administration. Send it at once.

Send your Music Club program for the purpose of exchange to Miss Emma L. Roedter, state music chairman, 2369 Park avenue, Walnut Hills, Cincinnati. Also send to Miss Roedter for a list of artists for your music days in preparing your 1915-1916 programs.

Exchange club programs with Mrs. Ann Gilchrist Strong, chairman of the committee on Home Economics. This committee has distributed five hundred copies of their bulletins in Ohio, besides sending them to the chairmen of other state committees on economics.

No federated club has done its full club duty until it has sent in an endorsement of Mrs. Sara C. Douglas.

Send the full number of signatures of votes for the Injunction and Abatement Law, and urge the State Legislature for "State and Economic Settlement."

## Y W C A NOTES

Mrs. J. B. Jones entertained her Bible class on Tuesday evening in her lovely home on North Fourth street. After supper, Miss Mary Emma Jones gave a report of the class work and new plans for the summer were made. The class will meet once a month on the third Tuesday, going out of doors when it is pleasant. They will study "Out of Doors in the Bible." Anyone wishing to join the class now will be most welcome. The class started with eight members and now has thirty-one enrolled. They would like that many more. Mrs. Jones is a fine teacher and it is an opportunity worth while.

The Y. W. C. A. girls have some things to be "thankful for" this week. For the beautiful flowers from Mr. Halbrook and Kent Bros. and for the fruit from Mrs. Norcross and for apples from another kind friend. We go most truly appreciate the good things that come to us from the good people of "Our City."

Miss Ada Bergquist of Oberlin, spent the week-end with Miss Crosby at the Y. W. C. A.

The Ironing girls living in the Y. W. C. A. Home are going home for a few weeks while the Cherry Cigar Factory is closed. We hope that they may soon return.

The Gynnasium Department will give an exhibition of the year's work, on Friday night, April 23. Program and full particulars will be given later. Save the date.

The talks on "Courtship" and "The Married Girl" given by Mrs. Fred Evans and Mrs. Doris Tullis at the Y. W. C. A. were well attended and greatly enjoyed by the girls. There is much need of more wholesome information on these phases of a girl's life and none are better qualified than Mrs. Evans and Mrs. Tullis to give these talks to the girls. The next number on the course will be "The Clothes We Wear," by Mrs. W. C. Miller on April 23d, 7:30 at Y. W. C. A.

Work has begun on the Y. M. C. A. and Y. W. C. A. courts and they will soon be ready for use. See Miss Crosby or Mr. Galloway about the tennis club rules and dues.

Russian tolerance toward prisoners of war is astonishingly illustrated at Kostroma, where a number of Austrians interned there have been permitted to lease a cinema theater, while another group of prisoners have formed a band which plays "Jazz" airs in the streets.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sours, tongue coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

The members of the board of directors have met each day this week for dinner to report on the progress of the financial campaign.

Thursday night the coming week, April 22, the indoor athletic meet will be held in the gymnasium. Mr. Walter J. Livingston of Denison University will be the head official. The Y. M. C. A. Y. W. C. A. tennis courts are being put into shape for the coming season and will be ready to play on by Saturday, April 21. The membership fee for the tennis club will be \$1.00 this year. Sign up at the Y. M. C. A. or Y. W. C. A. now and get a membership ticket and a set of rules.

At the close of the gymnasium season there will be a banquet for the members of the physical department. Every one is urged to come and to bring a guest. There will be a toast and a town speaker, plenty of food, music to eat, and a good time. Mr. H. L. Allen, physical director, the Dayton Y. M. C. A. will give the speaker of the evening. The banquet will be given out of the fund for the leaders of the physical department and the members of the athletic meet of April 22.

The Y. M. C. A. secretaries would like to know if any boys are interested in a team for this summer. Please tell them you would like to go and then it probably cost from \$2.00 to \$3.00 or the ten days. The team is going to press \$2.00 of the \$4.00 going for carrying the team. The team has been raised. Mr. Allen, physical director of the association, is going along in this work. If you are not secured the work to do it, it will be greatly helpful. The association cannot take the place in the community.

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOPLEY.)

## Gather Up The Fragments---Let Nothing Be Lost

There is a time of labor and a time of rest; a time of sacrifice and a time of reward; a time of trouble and a time of triumph!

There are those who study the Word, who see the Light, who profit by the teachings, who gather inspiration for real life.

If we, seeing the advantage of conscientious study of the word and life of Christ believe in it, how much is it our duty to stimulate others to join us that they may get the same satisfaction.

There never was a time when so many were interested in the great purposes of the Christian Church as now!

There never was a time when so many were learning to be helpful and satisfied from participation in this big uplift.

Those who join in the services of the Sabbath esteem it glorious to study the Word and apply it to daily use.

Every church is a rallying center for the bigger work that is possible through organized effort throughout the world.

Every congregation is a nucleus around which gather increasingly the participants in Christ's work for the world.

Unless we act in unison we are not gaining.

Unless we present a cheerful, happy spirit, it

illustrating our application of the principles of Christ, those principles are not proving their worth to the world in the best way.

We need, by example and precept, to lift the standard of living to a plane where it will be helpful and enjoyable.

We need, by personal contact and earnest invitation, to urge upon others the value of association with the church.

As a personal matter, putting the question personally to you, how have you tried to increase church interest? How have you tried to make others appreciate what you appreciate, to make others understand their need—and the church's need of them?

"Go ye into all the world and preach the Gospel!"

The work is right here and now; the advantage of participation in the cause is apparent to you! You could make it apparent to some one else with whom you associate! You could cause some one to appreciate what the church offers—what it is doing!

We need the church for what it does for us—we need the church for what it does for the community—we need its inspiration!

Are you helping others to be helped by it? Why not?

## GROUND COBBLED WITH SKULLS AND GRAVES SHALLOW

(ASSOCIATED PRESS TELEGRAM)

Neuve Chapelle, France, April 17.—Via London.—The ground to the west of this now scattered town of Neuve Chapelle from which the British drove the Germans in the middle of March with such terrible loss of life for both sides, is literally cobbled with German skulls. The dead lie buried in shallow graves everywhere and the vicinity is strewn with wreckage and debris.

The British have made it as tidy as they can, but beneath many of the trenches and dugouts six inches of bayonet will meet with resistance of cloth and human flesh while in the No-Man's-Land, between the new British line and the German trenches to the east, bodies still lie thick.

Neither the Germans nor the British dare attempt to remove the corpses and unless some situation develops to alter the relative position of the opposing lines, they are likely still to be there when summer comes.

Many of the trenches and dugouts where the men live unwillingly harbor the bodies of thousands of men which were covered with earth after the British rush. Many have been buried by both the Germans and the British and white crosses today dot the landscapes between the lines.

Increased carrying capacity, ability to turn in narrow streets and safety are asserted for new motor omnibuses in Paris, which have six wheels, the center pair being the drivers and the others being used in steering.

## Lodges

F. O. E.

Members are requested to be present at the next meeting April 20th, as the resolutions amending the by-laws of Licking Aerie No. 387 will be read the second time and the Aerie will be called upon to adopt the by-laws as amended by the committee. Matt Knueffer, Worthy Secretary; Jas. N. Fitzsimmons, Worthy President. 4-16-24

Olive Branch, No. 34. Olive Branch Lodge, No. 34 met Tuesday evening with a good attendance. Two candidates were found in waiting and the mysteries of the first degree were conferred. A visitor from Saginaw, Mich. gave a talk on how the Odd Fellows' lodges in that state kept up the interest in their lodges.

Next Tuesday evening the second degree will be conferred on four candidates. The committee on arrangements for celebrating the ninety-third anniversary of the I. O. O. F. reported that the exercises would be held at the East Main Street U. B. Church. Rev. A. B. Cox will deliver the address on Sunday evening, April 25. All Odd Fellows and Rebekahs of the city are extended an invitation. Meet at the hall at 6:30 o'clock and march to the church.

Newark Lodge, No. 13. Newark Lodge No. 13 Knights of Pythias met in regular session on last Thursday night with a fair attendance. One application was received and referred to the proper committee and one candidate found in waiting was given the Esquire Rank in a befitting manner.

The Chancellor Commander reported that all brothers on the sick list were getting along nicely. No brothers were added to the sick list and two were declared out of care at this meeting. The church committee reported that the Uniform Rank in full uniform would accompany the subordinate lodges to the Fifth Street Baptist Church to hear services on Sunday evening, April 25th. Rev. Stull, the pastor, is looking forward to a well filled church.

On next Thursday night the Es-

quire Rank will be conferred and a good attendance is expected.

In the presence of a number of the brethren a class of seven Esquires was given the Knight rank last Tuesday evening. The work was well done considering the fact that several new members were in the team. It is expected that an entire new team of the younger members will put on this degree in the near future, as Vice Chancellor Fred J. Woodcock is at work along that line. His ambition is to show the "old heads" how this work should be done. The result will be awaited with interest. Besides the degree work the usual routine was also carried out. The two local brothers on the sick list are improving rapidly, but Brother Charles Crain, who has resided in St. Louis for some years, is desperately ill and not expected to recover. Roland Lodge has lost four members by death so far this year, which is away above the average. Page rank will be conferred next Tuesday evening on two candidates elected at the last session. After the work cigars were passed. These cigars were the gift of Brother H. S. Kirkpatrick, who has been in Wheeling, W. Va., for almost a year. "Kirk's" generosity was certainly appreciated.

Do not forget that Sunday evening, April 25, all Pythians in the city are invited to attend services in a body at the Fifth Street Baptist church. Both lodges have accepted. Rev. Mr. Stull's invitation, and we should greet him with a good attendance.

**KNIGHTS AND LADIES OF SECURITY**  
Will meet in the Redmen's hall on the west side of the square on the fourth Tuesday evening of the month instead of the fourth Monday. Take notice of the change of meeting place and time. Entertaining committee has something in store for members at the next meeting.

**BRUTAL MURDER**

**IN CLEVELAND**

**IS A MYSTERY**

(Associated Press Telegram)

Cleveland, Ohio, April 17.—Police here today faced a mystery in the brutal murder of a man, whose unidentified body was found under a pile of brush near the Jefferson street bridge over the Cuyahoga river at daybreak. The body was found with a club and his face battered beyond recognition. The body was slashed in a dozen places as though with a razor and the clothing hung in ribbons. The authorities are working on the theory that the victim was killed in another part of the city and his body dragged to the bridge on a wagon and buried under the rubbish.

**UNITED BRETHREN**

**BROTHERHOODS AT**

**PLEASANT FEAST**

A most interesting meeting of the East Main Street United Brethren Brotherhood was held Thursday evening in L. E. Church on East Main street. The church was crowded to its capacity and a very interesting program was rendered.

A large delegation from the Tenth street church was present and took an active part in the exercises, which were in charge of E. H. Johnson.

One of the prominent features of the program were selections by George Sossamon, the well-known singer and soloist of the Tenth street church, and made a quartet of the East Main street church and by a quartet from the Tenth street church, mandolin and guitar duets by Mr. Morrison and little son, songs by Edwin J., and little Mildred Larson, and an excellent address on church finances by Rev. M. R. White of the Tenth street church; a short address was also given by Rev. A. B. Cox of the East Main street church.

The Tenth street orchestra band of 15 pieces rendered several excellent selections during the program, and also during the social hour which followed the program.

Light refreshments were served by the ladies of the church in the basement after the program, and nearly 500 persons were served.

The recitations by Mr. Schlosser and the duets by Mr. Morrison and son proved especially interesting, and were of a most excellent nature.

The Tenth street church was especially strong and while he spoke for one hour the audience was intensely interested and attentive throughout.

Both churches have strong and active Brotherhoods which are doing much to aid religious work.

select and in such sums respectively as they may deem proper.

With the exception of a few bequests to friends, the will gives Mrs. Rockefeller's jewels to relatives. To John D. Rockefeller is left a ruby and diamond ring while John D. Rockefeller, Jr., inherits his mother's wedding and an emerald and diamond ring. Her daughters, daughter-in-law, sister, grandchildren and nieces also are remembered with gifts of jewels.

Mrs. Rockefeller's dresses, books and paintings are to be sold and her two daughters to be disposed of as they shall see fit.

Broad powers are given to the executors.

"In making bequests," the executors say, "the intention is to leave and approval of any court and at the risk of my estate and without liability to them for losses incurred as a result thereof, to make investments of all or the part of my estate or of the trust estates created by this will."

Zanesville, April 17.—The culmination of a short romance for Mrs. Louise Weiler Gordon, aged 48, came yesterday when Judge A. A. Frazer granted her a divorce from Jack Gordon, aged 43, who wooed her on a transatlantic steamer while the Weiler family was returning from Europe last fall. The divorce was granted on charges of fraud in contracting the marriage. Gordon disappeared some months ago, for which the wife's history is not known. (Globe's history is not known.) He posed as the son of a former governor of California and claimed to be purchasing accent for the San Francisco Exposition.

The wife is a daughter of S. A. Weiler, a millionaire pottery manufacturer here.
